

AROMAL S NAIR

+918301008099 | aromalsnair@gmail.com | linkedin.com/in/aromal-sunil-nair | https://github.com/aromalsn

SKILLS

- **Languages:** Python, MySQL, Java, HTML5, CSS.
- **Tools:** Figma

EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech. CSE with AI & ML.	Vellore Institute of Technology, Bhopal	7.80 (Current)	2021-Present
Class XII (CBSE)	MGM Residential Public School, Kottarakkara, Kerala	83.1%	2021
Class X (CBSE)	MGM Residential Public School, Kottarakkara, Kerala	83.4%	2019

EXPERIENCE

- **TEACHNOOK** Jun. 2022 - Aug. 2022
Machine Learning Internship Remote
 - Applied machine learning algorithms and learned their applications in real-world scenarios.
 - Collaborated with a team of 5 interns to optimize predictive models, reducing model training time by 20%.
 - Achieved certification for successful completion of the internship program from IIT Bhubaneswar (Wissionair).

PROJECTS

- **Hiredone (Job Finder Website)** | *Figma* Dec. 2023 - May. 2024
 - Created a user-friendly job finder website with a focus on accessibility and ease of use.
 - Led a team of 10 members in UI/UX design sprints, ensuring an intuitive and engaging user experience.
 - Utilized Figma for framing and prototype creation, ensuring the project met design specifications.
 - Improved user engagement by 25% through intuitive UI/UX design and achieving 100% mobile compatibility rate.
- **Momo Mia (Food Ordering Website)** | *Figma, HTML, CSS* Dec. 2022 - Mar. 2023
 - Designed an innovative web-based meal order application harnessing the capabilities of HTML/CSS combined with PHP.
 - Collaborated with a team of 5 to ensure project completion within 3 months, meeting all deadlines.
 - Implemented feedback loops for continuous improvement based on user reviews and analytics.
 - Conceived a responsive user interface to ensure compatibility across different devices.
- **Finder (Virtual Assistant Application)** | *Python* July. 2022 - Oct. 2022
 - Developed an intelligent voice assistant using Python in VS Code, achieving a 30% higher response accuracy compared to other available solutions.
 - Implemented basic natural language processing (NLP) capabilities to enable conversational interactions.
 - Processed a simple backend infrastructure, cutting processing delays by 20% and process data efficiently.
 - Partnered with a team of 4 to guarantee seamless project execution, ensuring timely completion and high-quality standards.

CERTIFICATIONS

- AWS Certified Cloud Practitioner
- Microsoft Power Platform App Maker Associate
- Teachnook Machine Learning Internship Certification (IIT Bhubaneswar)

CO-CURRICULARS

- Core Member, VIT Bhopal Boys' Hostel Committee, Head of Hostel Mess Committee
- Core Committee Member, Malayalam Regional Club (VIT Bhopal)

HOBBIES

- Singer, Cartoonist, Badminton Player

LANGUAGES

- English, Hindi, Malayalam, Tamil
